FLEET MANAGEMENT

BUDGET UNIT: MOTOR POOL (IBA VHS)

I. GENERAL PROGRAM STATEMENT

Fleet Management's Motor Pool Division provides for replacement, fuel, maintenance, insurance, overhead, and other operational costs of fleet vehicles. Motor Pool currently has ownership and responsibility for 1,892 automobiles, vans, pickup trucks, and various specialty vehicles assigned to county departments. All operational costs of the Motor Pool Division are financed through rental rates.

The Motor Pool budget unit is an internal service fund (ISF). As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

The charge for monthly fixed cost is not assessed on vehicles owned by other departments because Fleet Management is not responsible for their eventual replacement.
